Lockers

POWERBOX

powered storage solutions

Probe offer a comprehensive range of charging and storage lockers for a variety of smart devices. You can choose from **powered** or **non-powered**, mobile or static, there's a smart charging solution to suit your needs.

MOBILE COMMUNICATION DEVICES

Probe offer a range of charging lockers specifically designed for mobile phones, ideal for businesses wanting to keep phones off desks removing distraction and increasing productivity. See pages 4/7.

TABLETS

Probe have designed a range of charging lockers specifically for charging and securely storing tablets. Whether you need individual secure compartments or a single door to multiple compartments for quick access, Probe have the solution.

PORTABLE RADIOS

From shopping centres to police stations with many portable radios and walkie talkies needing to be securely stored and charged, Probe have the solution.

BODY CAMERAS & MINI PRINTERS

Probe offer specialist lockers designed specifically for our emergency services with in-locker charging for their specific electronic devices.

E-BIKE BATTERY

In recent years we've seen a huge rise in electric leisure and commuter bikes and scooters, Probe have a range of powered lockers suitable for charging these batteries. With a coin retain lock, these could generate an income for shopping centres etc.

LAPTOPS

We now use laptops in more numbers than ever before, ideal for schools, colleges and Universities, Probe have a range of Lapbox charging lockers designed to keep laptops safely charged and ready to go.

POWER TOOLS

Probe build tough lockers, now with in-locker charging, these can be used in workshops keeping employees tools securely charge and ready to go.

BARCODE READERS

Charge and store barcode readers, PDAs and mobile devices securely and safely knowing they'll be fully charged ready for the next shift to start.
